## The Alliance

---

*The Cities Climate Finance Leadership Alliance is a coalition of leaders committed to deploying finance for city level climate action at scale by 2030.*

The Alliance serves as the only **multi-level and multi-stakeholder coalition aimed at closing the investment gap for urban and subnational climate projects and infrastructure worldwide.**

**2014:** Launch of the Alliance by the previous UN Secretary General.

**2019:** The Alliance is officially renewed during the UNSG Climate Action Summit.

# 1. Cities and Climate-Infrastructure in Public Recovery Funds and Stimulus Packages

Initial findings from Alliance COVID-19 Consultancy:

Type	Total Instruments	Total Size (USD M)
National	63	£1,015,600
DFI/Climate Funds	49	£68,337
Private	2	£552
<b>Total</b>	<b>114</b>	<b>£1,083,508</b>
<b>For Cities</b>	<b>46</b>	<b>£916,074</b>

## 2. Project Preparation Facilities

*Challenge: Lack of investor-ready bankable projects of sufficient size and quality.*

**Purpose:** An open, online, global directory of **project preparation facilities** designed to help sub-national governments and stakeholders find financial and technical support to develop green and resilient infrastructure in their cities.

**Green City Finance Directory**  
Does your city need funding for climate-friendly projects?

The Green City Finance Directory helps subnational governments and stakeholders identify **project preparation facilities** that can support them in developing green and resilient infrastructure, including implementing more efficient heating and cooling systems, building renewable energy, setting up sustainable transit, or climate-proofing resilient infrastructure.
