

# #32: Role of Resilience

Thursday, 10 December 2020 | 08.00 AM EST – 09.00 PM SIN/KUL time

## REFLECTIONS ON LESSONS LEARNED FROM COVID-19

**SAMANTHA STRATTON-SHORT**, ASSOCIATE DIRECTOR, ARUP INTERNATIONAL DEVELOPMENT, MANILA, PHILIPPINES

**ARUP**

# URBAN CLIMATE CHANGE RESILIENCE TRUST FUND

UCCRTF was established in 2013 to help fast growing cities in Asia to reduce risks people face from floods, storms, droughts, and other climate-related impacts through better planning and design of infrastructure.

The fund prioritizes investments that especially target the poor and vulnerable in eight ADB developing member countries (DMCs).

## COVERAGE

8 COUNTRIES

70+ CITIES

[25 PRIORITY CITIES]

**\$1B**  
In ADB investments  
which are linked to  
UCCRTF

The program's goal includes the roll out of

**2500**

Infrastructure projects cities with climate resilient urban plans and other measures to protect

**2.2M**

poor people in target cities by 2021

BANGLADESH | [Bagerhat](#)  
*Bracing against cyclone Amphan  
during the pandemic crisis*

# THERE IS NO RESILIENCE WITHOUT EQUITY

- Resilience efforts are needed at different scales – national, city, community, individual.
- Technology depends on how it is defined.
- Gap in financial inclusion.
- Resilience is tested when shocks and stresses are layered.
- Prevention.
